Dear Mr. Dolan:

If you know any more potential "unauthorized agents", please appoint them !

Actually, the major wholesalers stock WHITEWASH and have sold a surprisingly large number in the New York area. It is a constant surprise to us that so many bookstores do not know how to get WHITEWASH when all they need do is ask their wholesaler. As an "unauthorized agent" you may be interested in knowing that the second 5,000 went to press the early part of last week and more than half have already been distributed.

We do thank you sincerely for your interest and for anything you have or may do to promote wider knowledge of the book.

Sincerely yours,
